

MINUTES OF THE MEETING

DATE: 4th JAN, 2024

Location: Virtual(Zoom)

Time: 11:00 AM

Attendees: 19

Facilitator: Dr. Akash Das

Discussions:

1. GIT

Dr. Akash Das, the facilitator, provided a succinct overview of GIT and its applications. Next, we used the local command terminal to study the sequential steps required in GIT cloning.

2. GIT COMMANDS

There was discussion of several GIT commands, such as GIT push, pull, and commit. Uses of the GIT branches and a brief introduction were covered. The facilitator walked everyone through the steps involved in opening a branch in GIT.

AGREED ACTIONS:

1. Complete previous sessions tasks
2. Create an MoM for todays session
